

# Creative Electronics

*with Diana Burgoyne*

**Saturday 21st August  
& 28th August**  
**9 am- 4 pm**

WF512, WF Building, AUT, St Paul St,  
Auckland Central

**Students \$30 Other \$50**

*\* Cost includes electronics kit*

This workshop is designed to introduce participants to electronics as it pertains to a variety of mediums in addition to investigating electronics as new media practice. With the objective to develop skills such as reading schematics, wiring, and troubleshooting while working with interactivity, movement, and sound.

*Participants do not need to be mechanically inclined or have any previous experience with electronics to benefit from this workshop.*
